*Lady Godiva is the story of both loyalty and rebellion,
both passion and compassion...*

When Lady Godiva, wife of Lord Leofric, protested against the taxation of his subjects a deal was struck: fair Lady Godiva would ride through the streets of Coventry, “clad in nought” but her long tresses, and if the population remained in shuttered buildings, their tax burden would be lifted. The following morning she made her famous ride, the citizens graciously stayed inside and Leofric kept his word and reduced the taxes.

Lady Godiva won the hearts of many and her legend has lived on through the centuries. Nowhere is her passion, purity, sensuality, style and boldness more symbolised than in Godiva chocolates, which in turn are sure to win the hearts of those who taste them.

With a history dating back to 1926, GODIVA Chocolatier delights with the ultimate chocolate experience.

Known for creating beautiful moments that become lasting memories.

With our time-tested recipes, elegant styling, the most innovative selection and packaging that makes a lasting impression, Godiva turns a smile into a wow.
