Good Beer

	ABV	IBU	PONY	MID	SCHO	PINT	JUG
HAWKE'S PATIO PALE	4.5%	26	5	7.5	9.5	12.5	26

Inspired by Bob's favourite place to enjoy a cold one – the Patio (pronounced 'Paddio'). This tropical-style pale ale is best enjoyed outside or in deep moments of leisure.

HAWKE'S LAGER	4.2%	20	5	7.5	9.5	12.5	26
----------------------	-------------	-----------	----------	------------	------------	-------------	-----------

This refreshing lager is brewed to remind us all that you just can't beat the simple things in life. It was Bob's favourite beer and we hope it becomes one of yours.

HAWKE'S MID-LAGER	3.5%	26	5	7	9	11	23
--------------------------	-------------	-----------	----------	----------	----------	-----------	-----------

Everyone loves an underdog. That's why Hawkie gave the nation the day off after we won the '83 America's Cup. Because when an underdog wins, we all win. So keep punching above your weight. Just like this delicately-hopped session lager.

HAWKE'S XPA	4.0%	26	5	8	10	12.5	27
--------------------	-------------	-----------	----------	----------	-----------	-------------	-----------

Grab the hammock, strip off your kit off & slip into leisure mode. It's XPA time at the Hawke's Brewing Holiday Park! Aromas of pear, orange and stone fruit will caress you into a dreamy haze of summers past, present and future. You're welcome.

HAWKE'S MARZEN

5.8% **37** **5.95** **9.90** **13.75** **16.5** **-**

The Hawke's Marzen is back. Same German-style lager, same high-octane nod to Oktoberfest, and brewed by the same two blokes who think lederhosen are just footy shorts with pockets. So raise a stein to Brodes and Kizz. They've done it again. Just in time for the most culturally celebrated month of beer-drinking: footy finals.

HAWKE'S LEGEND IPA

6.5% **52** **5.5** **9** **12.5** **15** **-**

Our ever-popular Legend IPA is back for a limited time, exclusive to the Leisure Centre taps. Just like Farnsey, you can't keep it away. Sitting pretty at 6.5%, the Legend packs a not-so-subtle hit of citrus and hops. Named in honour of Hawkie, this one's always full of colour and character, just like the man himself.

HAWKE'S BLACK LAGER

5.1% **20** **5.5** **9** **12.5** **15** **30**

Hawke's Black Lager looks like it should come with a knife and fork, but drinks so easy it'll be gone quicker than your turn on the pool table. With roasted malt, a whiff of coffee, and a hint of chocolate, it's the kind of beer that lets you look like the toughest bloke at the bar. Except for that old lady over there, who's already on her second.

HAWKE'S SPRING IPA

6.6% **60** **5.5** **9** **12.5** **15** **30**

Our new One Hit Wonder pays homage to those glorious few months of footy finals and magpie evasion. In celebration, the brewers have been hard at work creating an IPA that will transport you to Tropical Far North Marrickville. Notes of Golden Circle Fruit Punch and the promise of ripe mangoes in the not-so-distant future.

Our Story

SO, WHY A BEER COMPANY WITH BOB HAWKE?

Out of all the questions we get asked, this one comes up the most. And there's no short answer to it. So grab yourself a schooner and settle in.

Now, this might come as a surprise but Hawke's was never really about Bob Hawke or beer. It was about something we shared with Bob. An in-built love for this place we call The Lucky Country, and a fierce sense of obligation to do what we can to protect it. To safeguard our environment, to preserve the best parts of our unique culture, and to help ensure that our Australian way of life continues, not just for us but for future generations.

So when we first sat down with Bob in his home, having just quit our jobs in New York, the conversation that flowed across that small kitchen table wasn't about beer. It was, in the immortal words of Darryl Kerrigan, about "what you do with it".

For us, it was about taking something that Australians were highly skilled at – draining beer into their mouths – and turning as many of these moments into personal contributions that let them give back to the country they love. Imagine that – Aussies doing their bit just by having a beer. Philanthropy at its finest.

Bob cocked his eyebrow and his steely blue eyes went as clear as the waters of the Whitsundays. That's how you knew he was keen. He told us that he'd do it, but only on the condition that his royalty share from all beer sales would be passed on to support the environmental organisation, Landcare Australia, which he set up in 1989. It would be, as he often said to us, the coming together of two of his loves – beer and the environment.

So today, as you sit here enjoying some leisurely cold ones with your mates, spare a moment to remember a bloke who loved his country, loved its people, and didn't mind a beer on occasion.

This one's for him.

Cheers!
